Wed. Sept. 16th, 1936.

It was understood today that the Insulator local has at last made contact with management and that some progress is being made as a result the Local held a special meeting at the CLU Hall Wed. night. to vote on a proposal they wish to hand to the Company. They are very careful not to let out the details of this proposal and it is not at present known about town. However they have cancelrd their order for those Hand bills that they were going to pass out to the employees of the Ohio Brass Co. at Mansfield and will not go ahead with that plan while negotiations are in progress it is said.

It is understood that the Milk Drivers are going to plan a decided blockade of the Parker Dairy in Barberton. It was understood that the milk Drivers Biz. Agent was said to remark that he would pay 5.00 per day to a group of Insulator men to put on the blockade. It is also understood that in a confidential chat. this same biz agent asked a certain party if they thought a little Dynamite set off at the right place would be condemed by certain parties.

It is understood that the charter will be asked for the Sun Rubber Employees right after the Rubber Convention is over.
